## The KelseyCare<sup>®</sup> Aetna plan

A strong approach to local health care

### Teaming up to help you save

We want to provide health benefits that help build healthier communities throughout Texas. One of the ways we are doing this is by teaming up with Houston-based Kelsey-Seybold Clinic to offer a local health benefits plan called the KelseyCare Aetna plan.

Together, Kelsey-Seybold and Aetna are working to deliver a better local health care experience by:

- Lowering health care premiums
- Creating a more connected and streamlined experience for members
- Delivering better results through our relationships with local physicians
- Providing innovative solutions to better manage chronic conditions

### The KelseyCare Aetna plan up close

The KelseyCare Aetna plan includes a network of local hospitals, clinics and doctors affiliated with Kelsey-Seybold Clinic that may help you get better results, while also helping you save money.

With the KelseyCare Aetna plan, you can experience the convenience, savings and the quality you deserve.

## Quality, convenience and cost savings

Members who use doctors and facilities in the KelseyCare Aetna network can save money. But equally important, they can also:

- Choose from 400+ Kelsey-Seybold doctors at 19 Houston-area locations\*

And to better manage their health, plan and budget, members can register for their MyKelseyOnline account. There they can:
